CURRENT ASSET ALLOCATION

Industry Update

- Nigeria's total pension assets firmed up by 1.66percent at the end of August 2024 to N21.13Trillion from N20.79Trillion recorded at the end of July 2024.
- RSA Fund 1 asset grew by 3.07percent to N217.03billion at the end of August 2024 from N210.56billion recorded in July, 2024.

Regulatory Update:

CONSUMER PROTECTION FRAMEWORK FOR THE NIGERIAN PENSION INDUSTRY

National Pension Commission in fulfillment of its statutory mandate of providing adequate protection to consumers, deploy effective regulatory and supervisory tools that facilitate effective monitoring of services offered by Licensed Pension Fund Operators (LPFOs) towards ensuring consistent excellent service delivery to consumers (Contributors & Retirees).

Consumer Protection is the practice of safeguarding consumers of goods and services as well as the public, against unfair practices in the marketplace. It provides protection to businesses and consumers from fraud, misinformation, or unfair practices by competitors.

The need for a Consumer Protection Framework is key towards attaining excellent service delivery in the Pension Industry. Importantly, it will continuously serve as a set of guiding principles for the Industry to meet consumers' expectations on excellent service delivery. This Framework, therefore, seeks to define various consumer protection principles, along-side the rights and responsibilities of consumers.

Benefits and Importance of the Contributory Pension Scheme

The Contributory Pension Scheme (CPS) is a pension plan in Nigeria where both employees and employers contribute a portion of the employee's salary into a Retirement Savings Account (RSA). Employee contributes 8% of their monthly salary, while the employer contributes 10%. Benefits and importance of the Contributory Pension Scheme include:

Financial Security in Retirement: One of the primary benefits of the Contributory Pension Scheme is that it provides individuals with a source of income during their retirement years. By contributing to the scheme throughout their working lives, individuals can build up a pension fund that will support them financially once they retire. This financial security is crucial for maintaining a decent standard of living in old age and reducing the risk of poverty among retirees.

Personal Savings and Retirement Planning: It promotes a culture of longterm financial planning, helping individuals to set aside money for their retirement years and reduce reliance on state benefits or family support.

Portability and Flexibility: The Contributory Pension Scheme typically offers portability, allowing individuals to transfer there pension benefits to another Pensions Fund Administrator. This flexibility enables individuals to continue building their pension fund regardless of changes in their Pension Fund Administrator.

Reduction of Dependency on State Pension Systems: By encouraging individuals to save for their own retirement, the Contributory Pen-

sion Scheme helps to reduce the burden on state pension systems. It promotes selfreliance and independence in retirement, lessening the strain on government budgets and resources.

Economic Stability and Development: A wellfunctioning pension system contributes to economic stability and development by mobilizing long-term savings for investment. Pension funds are invested in various sectors of the economy, providing capital for infrastructure projects, business expansion, and job creation.

Social Cohesion and Welfare Improvement: Access to a reliable pension system fosters social cohesion by ensuring that individuals can retire with dignity and security. It promotes intergenerational equity by enabling older adults to maintain their standard of living without placing undue financial burdens on younger generations.

Risk Management and Insurance: The scheme serves as a form of insurance against the risk of outliving one's savings or experiencing financial hardship in old age. It offers a predictable and stable source of income during retirement, mitigating the risk of poverty or financial distress among older adults.

In summary, the Contributory Pension Scheme plays a crucial role in promoting financial security, retirement planning, and economic development. By encouraging individuals to save for their own retirement and facilitating long-term investment, the scheme contributes to the well-being of retirees, the stability of the economy, and the overall welfare of society.

Do you want your statement on a monthly basis by e-mail?

Kindly send an email to

info@crusaderpensions.com or call Tomi on 0201 2713800-4, or Chidiogo on 0201 2714605.

Outlook for next month.

- We expect the exchange rate to trade at #1,650 per US dollar in Q4, bolstered by the Central Bank of Nigeria's (CBN) issuance of a new FGN Eurobond and Open Market Operations aimed at attracting foreign investors and improving liquidity.
- A stable yield environment is anticipated in the Fixed Income Market, as inflation begins to rise, although the high base effect may moderate its impact.
- The equities market is expected to perform strongly, especially in sectors poised to benefit from the economic recovery. Improved investor sentiment and increased capital inflows.
- Crude oil prices are likely to stabilize within a range of \$70 to \$90 per barrel, depending on the interplay between supply constraints and demand dynamics.

CPL VALUE FUND

CPL Retiree Fund closed October 31, 2024 with a unit price of N6.3457. The Fund assets, invested within regulatory limits, were allocated to Government Securities (72.00%), Corporate Debt (9.11%), Money Market (14.56%), Quoted Equities (3.93%) and Call Account (0.43%).

The graph shown in this report represents the performance of the Fund from January 2022 to October, 2024.

We are pleased to inform you that we have returned 538% on Retiree Funds under our management till date.

Regulatory Update

HIGHLIGHTS OF THE REVISED REGULATION ON ADMINISTRATION OF RETIREMENT AND TERMINAL BENEFITS.

The revised regulations on the Administration of Retirement and Terminal Benefits include the following:

- Where the RSA balance of a retiree cannot provide a monthly/quarterly pension or annuity of at least one third of
 the prevailing minimum wage of N30,000 per month, the retiree shall be allowed to take the entire RSA balance as
 an enbloc payment.
- A retiree shall be eligible for pension arrears, only for the period between the date of retirement and date of consolidation of his/her RSA. In the case of retirees from self-funding agencies and private sector, pension arrears shall be for no more than 6 months.
 - Where a retiree on Programmed Withdrawal secures employment, he/she may request for the suspension of his/ her monthly pension in writing and by filling a consent form and resume normal mandatory RSA contribution.
 - A PFA shall, under no circumstance, alter the periodicity of pension to a retiree without the prior consent of the retiree and with the approval of the Commission.
- A retiree is at liberty to change the periodicity of payment not more than once in twelve (12) months.
- Where there is an additional remittance into the RSA of a retiree, the additional remittances shall first be applied to augment pension up to 50% of the retiree's final salary and the balance may be paid out as lump sum.
- Where the retiree's pension is already up to 50% of final salary, the retiree may choose to collect the entire additional remittances as lump sum.
- There shall be periodic pension enhancement which is subject to returns on investment in the RSA and PENCOMS directive.

WITHDRAWING YOUR PENSION UNDER THE CONTRIBUTORY PENSION SCHEME

Under the Pension Reform Act 2014, the two recommended modes of withdrawal are: Programmed Withdrawal and Annuity.

The differences between these two modes are highlighted below:

PROGRAMMED WITHDRAWAL (PW)	ANNUITY
Pension Fund Administrators manage the	Insurance companies manage the investment
Pension is at least 50% of final salary	Annuity is at least 50% of final salary
At death of retiree, the remaining RSA bal- ance with accrued interest shall be trans- ferred to legal beneficiary	Annuity is guaranteed for 10 years. If the retiree dies after the guaranteed period, the residual value resides with the insurance company that provided the Retiree Life Annuity
A retiree may move to retiree annuity at any time	Once on annuity, a retiree cannot move back to programmed withdrawal
Pays pension based on lifespan of retiree	Pays pension till death
The profit on investment is credited into the retiree's RSA	Profit of investment is for the insurance company because it bears the risk of investment
Monthly returns are forwarded to the National Pension Commission by the PFA	Monthly returns are forwarded to PenCom through National Insurance Commission by Retiree Life Annuity Providers (Insurance Companies).
Retiree receives quarterly RSA statement	Retirees do not receive any RSA statement
